

Community Investment Program (CIP) Artist Project Grants

2020 Deadlines: February 18 and September 15 (small grants); June 15 (large grants) at 11:59pm MST.

Artists at work.

Individual artists and their work are the foundation of our arts community. Working alone or in groups they pursue projects that develop their practice, advance creative thought, contribute to an art form and provide our community with a reflection of itself. Those projects are the research and development activity of the creative sector, feeding the greater arts ecosystem locally and for export.

Artist Project Grants are intended to invest in the specific projects of individual artists and artist collectives as they pursue their artistic and professional advancement.

Applications will be considered 3 times per year:

“Small grants” of up to \$5000 twice a year (February 15 and September 15)

“Large grants” of between \$5001 and \$25,000 once a year (June 15)

When a deadline falls on a weekend or holiday, the deadline moves to the next business day.

An artist or collective will normally only be eligible for one Artist Project Grant per year.

Applicants may not submit an unsuccessful project proposal to the next consecutive deadline within the Artist Project Grants program.

Purpose

Artist Project Grants are intended to support the activities of professional Edmonton artists for a specific time towards a specific project. Projects can be individual or collective and could include creation, research, development, curation, exhibition or production of work in any art form, as well as professional development projects.

Funds are intended to support:

- Projects by individual artists or small collectives
- Research, development and/or material costs
- Reasonable living expenses while carrying out the project
- Workspace rental related to the project
- Costs related to public presentations
- Travel costs directly related to the project
- Professional development costs when applicable

Funds are not intended to support:

- Capital or major equipment purchases unless they are necessary to the artistic project
- Formal education that would result in a diploma, degree, or certification
- Projects that benefit an organization or institution rather than an artist or small collective
- Costs already supported by the EAC through other programs

Assessment

A multidisciplinary peer jury appointed by the Edmonton Arts Council will evaluate all applications. That jury will include artists and arts professionals chosen for their skills, knowledge, and abilities as outlined in Edmonton Arts Council policies. EAC juries are recruited to reflect the full demographic diversity of Edmonton over time.

Jurors may serve at more than one deadline for the Artist Project Grants program.

Juries will make funding recommendations to the Edmonton Arts Council Board.

Evaluation Criteria

The jury will be guided by all the text in this document, and in all cases, will consider the following:

Artistic criteria (50%)

- The applicant's past work demonstrating a level of merit to warrant public funding, and the applicant's capacity to achieve the artistic goals of the project
- The project's potential impact on the development of the artist(s)
- The project's potential contribution to an art form or an artistic process

Project feasibility criteria (25%)

- The applicant demonstrates reasonable planning to accomplish the project including:
 - A realistic project budget
 - A realistic project timeline

Community criteria (25%)

- The applicant's past or potential contribution to the Edmonton community
- The project's potential impact on the Edmonton community and engagement with Edmonton audiences

The Edmonton Arts Council charges jury panels to respect and consider the specific cultural context of applications from all cultural communities, and in the case of equivalent merits based on the published guidelines, to consider and incorporate the Edmonton Arts Council's policy of reflecting the full demographic diversity of Edmonton before making grant recommendations.
