

Edmonton Arts Council Final Report Requirements: General Information

Last reviewed November 2018

Project Grants and Operating Grants are treated differently. Recurring operating grants will not usually require separate reporting when a recipient reapplies annually.

Project Grant recipients must submit a final report within 90 days of the completion of the project. The final report is a short written summary of project outcomes (usually less than 3 pages) that includes:

- Impact that the grant had on the artist(s), Edmonton community, and viability of the project
- Budget on actual expenditures, including revenue and expenses [see template below]
- Outline of any variations between the proposed project and actual activity
- Any support materials (ie. artwork created, photos, video, marketing materials, media coverage, etc.)

Please refer to program guidelines for further specific final report requirements.

If a project did not achieve the intended results, be clear in reporting the reasons why and lessons learned.

Sample Financial Report

You may use any reasonable format to report on your use of the grant funds. Include any and all relevant expenses. This example is provided as a guide and is not indicative of all potential reports.

Title: [Name of Program] grant financial report

Actual expenses (as applicable)	
Artist fees e.g. artist subsistence/basic living costs, contracts, etc. (specify)	\$XXXX
Arts materials & Supplies (specify)	\$XXXX
